

It must
have been a
beautiful
city.

Tbilisi...

Even if you
don't believe
in God, hell
still exists.

or whether
something
like hell even
exists in the
first place...

Unlike
you, I'm
atheist.

You're right.
This place
is hell.

True
hell is...

since you
can escape.
If you close
your eyes, it'll
vanish just
like that

What we
see in front
of us isn't
hell...

No...

Your
brain...
within your brain,

right here.

within
those
sulci and
gyri of
your brain.

However,
we will
never
escape hell.

Once we are
finished with
our mission,
we will
return to
America and
resume our
normal lives...

Because
that is within
our heads.

So then
wouldn't heaven
also be there?

We're
almost at
the target church.

I'm being
serious,
Reiland.

Gentle-
men!

Let's hurry
and finish
off our duty
so we can go
home to
America.

If you eat all
the delivery
pizza you can
get your hands
on, you'll forget
about hell.
